

00:00.650 --> 00:01.330

[SPEAKER_01]: Yeah, that's great.

00:01.370 --> 00:02.231

[SPEAKER_01]: That's a great idea.

00:02.772 --> 00:09.879

[SPEAKER_01]: So usually, I'm going to tell you a little bit more of what we're going to do today soon.

00:10.280 --> 00:18.328

[SPEAKER_01]: But usually, I started these interviews kind of like by asking, what do you think this research is about?

00:18.608 --> 00:20.110

[SPEAKER_01]: Like, what do you think we're doing here?

00:21.833 --> 00:35.179

[SPEAKER_00]: um so what i understood from like the the email i got and like what i understood like online when i registered was it was to um focus on like what are what the i move what

00:35.646 --> 00:38.527

[SPEAKER_00]: wait, what are we focusing on when we're looking at TikTok videos?

00:38.967 --> 00:41.328

[SPEAKER_00]: Like are we staring at the captions?

00:41.408 --> 00:42.648

[SPEAKER_00]: Are we staring at people's faces?

00:42.708 --> 00:46.309

[SPEAKER_00]: Are we staring at stuff like that?

00:46.349 --> 00:51.871

[SPEAKER_00]: And probably how long it takes before we scroll to another video, depending on what we see, I guess.

00:51.911 --> 00:53.432

[SPEAKER_00]: That's what I'm guessing.

00:53.952 --> 00:55.072

[SPEAKER_01]: That's what I'm guessing.

00:55.452 --> 00:59.214

[SPEAKER_01]: And then do you have an idea of what do you usually look into?

00:59.694 --> 01:03.235

[SPEAKER_01]: Like what type of videos and TikTok videos get you?

01:04.917 --> 01:25.437

[SPEAKER_00]: I think I'm pretty aware but I think you guys probably know more than I do after watching like all my recordings so yeah I could probably be like oh I like lifestyle

I like this I like that whatever but you guys probably like no you're not like that at all so yeah yeah that's true that makes sense

01:26.698 --> 01:36.909

[SPEAKER_01]: So you said that in your journal that you had TikTok and then you deleted it.

01:37.089 --> 01:41.153

[SPEAKER_01]: Do you have a TikTok account now or you made it only for this research?

01:41.533 --> 01:45.938

[SPEAKER_01]: Just to understand your relationship with TikTok or social media in general.

01:46.992 --> 01:53.396

[SPEAKER_00]: So I actually struggle with social media a lot, especially during the pandemic.

01:54.517 --> 02:03.722

[SPEAKER_00]: I would argue I had an addiction to a point where I would stay up until like 6am watching TikToks and then I would nap and then I would go to school or go to work or whatever.

02:04.062 --> 02:04.883

[SPEAKER_00]: So it's been

02:05.987 --> 02:11.493

[SPEAKER_00]: I would delete it because it was a problem and then I would reinstall it when it was like, oh, I can control the problem.

02:11.733 --> 02:13.475

[SPEAKER_00]: But then obviously I couldn't.

02:14.255 --> 02:20.582

[SPEAKER_00]: So then I moved out and then I had no choice but to like ignore TikTok completely.

02:21.375 --> 02:28.102

[SPEAKER_00]: So I had it uninstalled for a bit and then I did reinstall it around the same time that you guys started the research.

02:28.723 --> 02:28.923

[SPEAKER_01]: Okay.

02:28.963 --> 02:29.223

[SPEAKER_01]: Okay.

02:29.424 --> 02:34.229

[SPEAKER_00]: Moved out from my parents' place to my own apartment.
